BEIJING, July 18 (Xinhua) -- China supports a political settlement of the Palestinian issue on the basis of the two-state solution grossiste air max 270 flyknit , President Xi Jinping said Tuesday.

China supports Palestine in building an independent, full sovereignty state along the 1967 borders with East Jerusalem as its capital, Xi said in his talks with visiting Palestinian President Mahmoud Abbas.

Xi said the UN Security Council Resolution 2334 should be effectively implemented, and all the settlement-building on the occupied territories of Palestine should be immediately stopped.

The resolution, adopted on Dec. 23, 2016, condemned Israel's settlements on occupied Palestinian territory as illegal, and urged it to halt building.

Xi said measures should be taken to prevent violence against civilians and peace talks should be resumed as soon as possible to accelerate the resolution of the Palestine issue.

China is one of the first countries to support the just cause of the Palestinian people and to recognize the Palestine Liberation Organization and the Palestinian state, Xi said, calling both countries "good friends, partners and brothers."

In 1947, the UN General Assembly adopted Resolution 181, which recognized the need to establish a Jewish state and an Arab state in the former British Mandate territory of Palestine.

The 1967 Middle East war resulted in Israel's occupation of the West Bank, East Jerusalem, the Gaza Strip and the Golan Heights. The last round of peace talks between Israel and Palestine halted in 2014, mainly due to the continuing expansion of Jewish settlements on the occupied territories of Palestine.

China will host a symposium on peace between Palestine and Israel later this year to contribute wisdom to resolving the Palestinian issue, Xi said.

He said China is willing to participate in and support all efforts that are conducive to a political settlement of the Palestinian issue.

"China proposes to launch a tripartite dialogue mechanism with Palestine and Israel to advance major projects to assist the Palestinian side," Xi said.

Xi reiterated that China will, "as always," support the just cause of the Palestinian people to restore their legitimate national rights.

Xi said China appreciates Palestine's adherence to the one-China policy. He said China will work with Palestine to give political support to each other, maintain high-level exchanges and promote cooperation.
