"Pharrell and adidas Originals will have a handful of adidas outlet releases for Fall and Winter 2020 and one of those comes in Yellow. This adidas NMD Hu comes with Yellow Primeknit across the upper while an inspiration message is embroidered down the forefoot. In addition we have a lighter shade of Yellow on the lace cage, laces and EVA pod overlays. Following we have Black on the liner, Yellow on the Boost midsole and rubber outsole to finish the look.

Here you will find all the click here including pricing, images and more. Our adidas Yeezy release calendar will be updated with the latest information. So far for 2021 we have the Yeezy Boost 350 V2, Yeezy 451, 700 and the 700 V2. We will also make sure to update with restock dates and other models designed by Kanye West.

adidas Originals is expanding on the [nieuwelevensstijl.com](https://www.nieuwelevensstijl.com) releasing and our next viewing is a women's exclusive which comes in a flashy theme. As you can see this adidas Superstar features White leather across the base while flames are seen on the panels in-between the White Three Stripes branding. Following we have Gold on the Superstar and tongue branding and Red on the heel. Finishing the look is a White midsole and rubber outsole.

Looking closer this new arrivals features a Black textile upper while Solar Green detailing is spread throughout. They feature a laceless build along with his YouTube JuJu TV logo. Following we have camouflage detailing on the heel and EVA pod overlays, iridescent Boost midsole which displays Purple and Blue while a Black rubber outsole finishes the look."
